“ *Deborah Ann Hall Smith was my baby sister and I miss her so. I do not believe you ever get over a loss like this that is just a myth! You were taken for reasons we will possibly never know - I feel you flew up to heaven on the wings of the angels. I think of you everyday. We lived in different states yet we felt so close - talked often and wish I could see you again. I love you and will never stop or will never not remember the good times we all had together. Just long for more - mom and all of us will never be the same . The years went by to fast and I pray that you really did know that your whole family and than some loved you with all our hearts. Till we met again, your big sister*
