“ *Norm was the first guy to ever talk to me on my first day at ARC disposal in Mt prospect
It's the coffee story ask Ryan for details
It always makes me laugh and I still tell it today I met Norm when I was 23 years old I am 55 now he was always and always will be one of the greats from ARC disposal
Love Ryan his son imagine that the apple doesn't fall far from the tree what a great guy knowing him will help you know Norm as he was an awesome man gentleman hard worker and all-around great guy
Norm was a mans man
Me and another young guy like me dan would yell NORM as he walked in yes like the tv series cheers and everyone would get a nice little laugh to start the day
The kind of man who always would walk over to a new guy and give him some good advice about the business you where never below him
Can't thank him enough
With love and prayers NORM
